CALE MCCOMB

Graphic & Web Designer, Video Editor

About Me

Hey there, I'm a Designer based in Surrey, British Columbia with over 10 years of experience. This includes all sorts of creative works such as graphic & web design, shooting and editing video, branding projects and marketing/advertising initiatives.

I've spent the last 5 years with a sales event company called Absolute Results, where I've worked on hundreds of promotional/advertising campaigns for car dealerships around the globe. Including Canada, USA, UK, Germany, Australia and New Zealand.

When I'm not doing the 9 to 5 thing, I'm into slaying dragons with d20s, exploding kittens or building the longest road! When I'm not playing games with my friends, I also enjoying picking up the guitar and stressing over my fantasy sports lineups.
